#### HISTORY OF THE COLLEGE

In response to a very general and growing desire, frequently expressed by both the laity and the ministry, the East Pennsylvania Annual Conference of the Church of the United Brethren in Christ, at the session held at Lebanon, Pennsylvania, March, 1865, passed by a large vote a resolution to establish a high-grade institution of learning, conveniently located within the bounds of the East Pennsylvania or the Pennsylvania Conference. This matter was referred to a committee consisting of the Revs. Daniel S. Early, G. W. Miles Rigor, W. S. H. Keys and Messrs. John B. Stehman and Abraham Sherk, with instructions to confer with a similar committee from the Pennsylvania Conference and to determine upon a location. One year later, in March, 1866, this committee reported to the Annual Conference session held at Columbia, Pennsylvania, and recommended the following:

First, the establishment of a school of high grade under the supervision of the Church; second, the acceptance for this purpose of the grounds and buildings then known as the Annville Academy (a private institution founded and conducted as such since 1834), which had been tendered as a gift to the Conference; third, the leasing of the buildings and grounds to a responsible party competent to take charge of the school for the following year. The following were elected as a Board of Trustees: Revs. D. S. Early, George A. Mark, G. W. Miles Rigor, J. B. Daugherty, Lewis W. Craumer, David Hoffman, and Messrs. John B. Stehman, John H. Kinports, Abraham Sherk, Rudolph Herr, H. H. Kreider and Samuel Walmer.

School opened May 7, 1866, with forty-nine students. By the close of the collegiate year one hundred and fifty-one were enrolled, thus demonstrating at once the need of such an institution in this locality and the wisdom of the founders.

In April, 1867, the Legislature granted a charter with full university privileges under which a College faculty was organized with Rev. Thomas Rees Vickroy, Ph.D., as president, and Prof. E. Benjamin Bierman, A.M., as principal of the Normal Department. The same year the Philokosmian Literary Society was organized by the young men, additional land was purchased and a large brick building erected thereon with chapel, recitation rooms, president's office, and apartments for sixty boarding students. This building was not furnished and fully occupied till the fall of 1868.

During the administration of President Vickroy the laws and regulations for the internal workings of the College were framed and adopted, the curriculum established, and the first regular commencement held on June 16, 1870. In 1872, through the leadership of the Misses Sarah Burns, Rebecca Kinports and Ellen Jane Mark, the Clionian Literary Society was organized. In 1877, for the purpose of stimulating wholesome rivalry among the men, another literary society was organized. Mr. Horace S. Kephart prepared the constitution and by-laws and Prof. Louis H. McFadden suggested the name "Kalozetean," which was adopted.

In the summer of 1883 a large two-story frame building was erected on College Avenue, containing an art room, music rooms, the department of natural science, a museum and the College library.

On January 1, 1888, the first number of "The College Forum" appeared under the editorship of the Faculty.

Among the early friends of the College was Mrs. Mary A. Dodge, who gave to the College a fund of ten thousand dollars, the interest of which is "to be loaned without charge to such pious young people as the Faculty of the College may deem worthy of help." The Silver Anniversary of the College was observed in June, 1892. The money secured on this occasion was used to purchase three acres of land which was added to the campus.

In 1897, the College began an era of enlargement which resulted in an addition to the old Administration Building, making it twice as large as before, the erection of the Engle Music Hall in 1899, the Carnegie Library and North Hall (the women's dormitory) in 1904. The large Athletic Field at the east end of the town was also added to the assets of the College during this time.

The disastrous fire on the night of December 24, 1904, when the Administration Building was entirely destroyed, tested the loyalty of the patrons and friends of the College. At a meeting held January 5, 1905, the friends of the College resolved, amid unusual enthusiasm, to rebuild at once, and with the stimulus of a gift of fifty thousand dollars from Andrew Carnegie (who had previously given \$20,000 for the library building), plans were matured by which to raise one hundred thousand dollars for this purpose. The erection of three new buildings was projected—the Men's Dormitory, the Central Heating Plant and the new Administration Building.

Through the untiring zeal and earnest efforts of President Lawrence Kiester, D.D., a gift was secured from a friend of the College in western Pennsylvania to equip the Tyrone Biological Laboratory. The Bishop J. S. Mills and the H. S. Immel Scholarships were also added to the funds of the College. At the death of the Rev. Daniel

Eberly, D.D., July 9, 1910, whose will bears date of September 17, 1909, the College came into possession of property valued at about \$52,000, the major portion for the endowment of the Josephine Bittinger Eberly Professorship of Latin Language and Literature.

Beginning with 1912, the College entered upon its greatest era of enlargement and prosperity. Since that date the student body has increased with great rapidity, more than doubling its numbers. Continued progress of the College, however, demanded the securing of an adequate endowment. To meet this need the cooperating Conferences conducted an intensive endowment campaign, which closed June 26, 1918, with subscriptions amounting to nearly \$400,000.

The faculty and leading students realizing the need of an additional women's literary society, organized the Delphian Literary Society in October, 1921.

Stimulated by a conditional gift of \$175,000 for endowment from the General Education Board, New York City, which had previously given \$24,000 for faculty salaries, the Board of Trustees of the College authorized the raising of a fund of \$700,000 during the summer of 1924. By hearty cooperation and most heroic efforts the goal was reached July 1, 1924. When subscriptions are paid the college will be free of debt and have an endowment fund of \$900,000.

#### GENERAL INFORMATION

The College is situated in Annville, a progressive and cultured town twenty-one miles east of Harrisburg in the beautiful, healthful and fertile Lebanon Valley.

#### BUILDINGS AND GROUNDS

There are eight buildings on the campus: the Administration Building, the Carnegie Library, the Engle Conservatory of Music, the Women's Dormitory, the Men's Dormitory, South Hall, the Heating Plant and President's Residence.

The Administration Building contains the administration offices which are of fire proof construction on the first floor, the recitation rooms of the College, the chemical and physical laboratories, and the Tyrone Biological Laboratory, the equipment of which was provided for by a gift from a friend from western Pennsylvania, who also gave it its name.

The Alumni Gymnasium occupies the ground floor. Here are provided over seven thousand square feet of floor space for the use of the department of physical culture and the promotion of athletic activities. The gymnasium has, in addition to the gymnasium floor, separate locker rooms for the teams, for the men, and for the girls, an apparatus room, and shower baths.

THE CARNEGIE LIBRARY, erected in 1904, furnishes commodious quarters for the growing library of the College.

Two large reading rooms on the first floor, splendidly lighted and ventilated, and beautifully furnished, are provided with the leading magazines and daily papers. Periodicals devoted to the special work of each department are here, as well as magazines of general literature. On the second floor are six seminar rooms designed to be equipped with the special works of reference for the various departments.

THE ENGLE CONSERVATORY OF MUSIC, erected in 1899, contains the college chapel, a director's office and studio, practice rooms, and a large society hall. The building is well equipped with pianos and a large pipe organ.

THE WOMEN'S DORMITORY, NORTH HALL, was erected in 1905, and is a building of beautiful proportions. In addition to

rooms which will accommodate forty-five students, there are a society hall, a dining hall, a well-equipped kitchen, and laundry.

THE MEN'S DORMITORY, erected in 1905, contains single and double rooms and sixteen suites of two bed-rooms with a separate study-room. These afford accommodations for more than one hundred students.

THE WOMEN'S DORMITORY, SOUTH HALL, the original building of the institution, acquired by gift in 1866, when the College was founded, has been re-modeled and is now used as a women's dormitory.

THE HEATING PLANT, erected in 1905, contains a low pressure heating system, and supplies the heat for all the buildings on the campus. It is constructed with a view to the installation of a lighting plant.

THE PRESIDENT'S RESIDENCE, situated on the northwest corner of the campus.

THE CAMPUS of twelve acres, occupies a high point in the center of Annville and is within easy access of trolley and railroad lines.

THE ATHLETIC FIELD of five and one-half acres is well located and admirably adapted to the purpose for which it is intended.

#### LABORATORIES

The entire northern half of the Administration Building is occupied by the Department of Science. The Department of Chemistry occupies the first floor; Physics, the second; and Biology, the third.

The laboratories of each department are constructed after the most approved modern methods. The lecture rooms are provided with risers and Columbia tablet chairs.

#### RELIGIOUS ACTIVITIES

The College has always tried to furnish religious training, and encourages all means of promoting Christian influence. Each morning a regular service is held in the College Chapel, at which the students are required to be present.

A students' prayer-meeting is held once a week, and opportunities for Bible study and mission study are offered by the Christian Associations in addition to those afforded by the regular curriculum.

All resident students of the College are expected to attend public worship in the churches of their choice, every Sunday.

Christian
Associations
Christian Associations, which hold regular weekly devotional services and conduct special courses of Bible and mission study. They are centers of the spiritual interests of the students and deserve the hearty support of all connected with the college. Under these auspices public lectures, entertainments and socials are held, which contribute to the pleasure of the student body.

#### COLLEGE ORGANIZATIONS

Literary Excellent opportunities for literary improvement and parliamentary training are afforded by the societies of the College. There are four of these societies—Philokosmian, Kalozetean, Clionian and Delphian. The last two are conducted by the girls of the college. These societies meet every Friday evening in their well-furnished halls. They are valuable agencies in college work, and students are advised to unite with one of them.

Athletic The Athletic Association is composed of all the students of the College and the coöperating Alumni.

Athletics are controlled by a Council consisting of representatives of the faculty, alumni and student body.

Student A group of students possessing ability in management

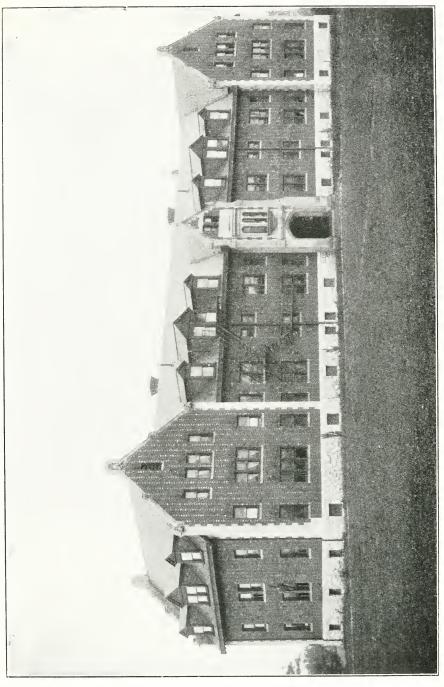

Publication and composition is selected annually by the Faculty
to bring out a periodical devoted to college and
student interests. This encourages students to write for publication,
and affords training of a highly specialized character to a number
of those interested in editorial work.

#### LITERARY AND MUSICAL ADVANTAGES

During the college year, the student body has the privilege of hearing lectures and talks delivered by men of note in Church and literary circles.

The department of music together with the department of public speaking presents a number of programs during the year. Concerts and recitals by prominent musicians are given under the patronage of the Department of Music with the aim of creating in the student an appreciation for the best in art.

There is a lively interest in the drama. Various college organizations have presented Shakespearean and other plays of a high grade.

#### ADMINISTRATION

Admission Candidates wishing to enter Lebanon Valley College by certificate must present credits from High Schools, Normal Schools, and Academies before the time of registration. Blanks for this purpose may be had on application to the Registrar.

Candidates desiring to enter by examination must make application for the examination two weeks before the opening of the school year. Upon receipt of this application the time and place of the examination will be arranged.

Registration Registration is the process of class assignment and is completed over the signatures of the adviser and the Registrar. No student will be admitted to any class without the proper registration card which is sent direct to the department of instruction from the Registrar's office.

The registration days for the collegiate year 1925-26 are as follows: September 21, 22 and 23; also February 5 and 6, for the second semester.

Late Students registering later than the days specified will be charged a fee of one dollar. Students desiring to register later than one week after the opening of the semester will be admitted only by special action of the proper committee.

Change of When change of registration is advisable or neces-Registration sary such changes must be made in the same way as the original registration, namely, over the signatures of the adviser and Registrar.

Advisers The head of the department in which a student has elected to major becomes the adviser for that student. The adviser's approval is necessary before a student may register for or enter upon any course of study, or discontinue any work. He is the medium of communication between the Faculty and the students majoring in his department, and, in a general way, stands to his students in the relation of a friendly counselor.

Classification Classification will be made on the following credit basis: Freshman standing, 15 Carnegie units; Sophomore standing, 30 semester hours; Junior standing, 60 semester hours; Senior standing, 98 semester hours.

Advanced Credits for work done in other institutions, for which standing advanced standing is desired, must be submitted to the committee on College Credits and a copy filed with the

Registrar.

Limit of Every resident student must take at least fifteen hours

Hours of work as catalogued. Any student failing to pass ten

(10) hours of work at the close of each semester will be required to withdraw from the institution.

The permitted number of extra hours of work, above that prescribed by the curriculum, is limited by the student's previous record, as follows:

- (a) Majority of A's-three hours.
- (b) Lower record than majority of A's-no extra hours.

Class Class standing will be determined at the end of each standing six weeks of the session for Faculty consideration.

Reports of standing will be made to parents or guardians at the end of each semester, or when the Faculty deems it expedient. The standing is indicated generally by classification in

seven groups, as follows:

A (90-100%) signifies that the record of the student is distinguished.

- B (80-90%) signifies that the record of the student is very good.
- C (70-80%) signifies that the record is good.
- D (60-70%) signifies the lowest sustained record.
- E (below 60%) imposes a condition on the student.
- F (Failed completely) signifies that the student must drop or repeat the subject and cannot be admitted to subjects dependent thereon.
- I (Incomplete) signifies that work is incomplete, but otherwise satisfactory.

Graduation A grade of C or better must be obtained in at least
Credit half of the total number of semester hours required
for graduation.

If the student's record as a whole is poor, he may be required to repeat certain subjects, to repeat the year's work, or to withdraw.

Conditions and Except in the case of the final examinations of Re-examinations seniors, no immediate re-examination will be given to students falling below the passing mark on the regular examinations.

Students obtaining a final average below 60% but above 50% in not more than two subjects will be given a "Condition" in these courses, and such Conditions may be removed by obtaining a mark of 60% or more on a re-examination to be taken at the College during the days appointed for registration for the following year, or at the regular examinations of the following year. The subject matter of such an examination will be the whole work of either

the first or second semester, or both, according to where the student failed to obtain the required 60%.

A fee of \$3.00 will be charged for each examination for the removal of a Condition.

Conditions imposed at the end of the first year must be removed before the student enters the third year, and those imposed at the end of the second or third year must be removed before entering the senior year. Failure to remove a Condition within the above specified time converts the Condition into a Failure.

Absences Should a student be absent once beyond twice the number of times a class meets each week, he will be required to take a special examination, for which a fee of one dollar will be charged. Such examination must be taken within a week of the excess absence; otherwise the student will lose his class standing. Absences immediately preceding or following vacation will be counted double.

Discipline The rules of the College are as few and simple as the proper regulation of a community of young men and women will permit. The government of the dormitories is under the immediate control of the student councils, committees of students authorized by the College authorities.

Chapel All students are required to attend the morning chapel service. Failure to attend will be ground for action by the Faculty upon recommendation of the Committee on Chapel Attendance.

Limitations Students are limited to two of the following college activities: Quittapahilla, Glee Club, Plays, Foot Ball, Basket Ball and Base Ball. This regulation can be set aside only by a special action of the Faculty.

No games between college organizations may be engaged in during study hours except by permission of the Faculty.

Residence The Bachelor's degree will, however, be conferred Requirement only upon candidates who have spent at least a full year in actual residence.

Students who are candidates for Diplomas or Certificates must make full settlement entirely satisfactory to the Finance Committee before diplomas or certificates will be sealed and delivered.

#### ABSENCE AND SICKNESS

When students retain their class standing during absence from school because of sickness or for any other reason, no rebate or refund will be allowed on tuition, or room rent.

18. General Biology. Four hours. Throughout the year.

Two lectures, one recitation and two hours laboratory work each week. The object of the course is to acquaint the student with the essential structures and processes of living things.

Plants and animals are studied in the laboratory to observe the structure, properties and activities of living protoplasm as illustrated by organisms composed of a single cell, simple tissues and of systems of organs. The principles of development, heredity, homology, classification, adaptation and evolution are also considered.

Special attention is given to the phylogeny and ontogeny of the several groups and constant comparisons made of those structures indicating relationships. The principles of classification are learned by the analysis and identification of about one hundred and fifty species of Bryophytes, Pteridophytes and Spermatophytes represented in the local spring flora. These studies are conducted in the field so that the plant is seen as a dynamic force adapted to its environment.

Required of those majoring in Biology. Elective for others.

# EDUCATION AND PSYCHOLOGY

PROFESSORS REYNOLDS, BUTTERWICK AND ASSISTANTS

While the primary aim of this department is to provide training for those who desire to enter the teaching profession, yet it is believed that the courses offered will be useful also in connection with the training of children and in the social relationships of the educated man and woman. Education is one of the most important concerns of society. A serious study of the problems of education will enable the college men and women to give society intelligent leadership in many of its most important undertakings.

The courses of the department have been planned with special reference to the requirements of the State of Pennsylvania. Students who, for any reason, wish to teach in other states, should early consult with the head of the department in the selection of courses to meet the requirements of such states.

The Pennsylvania State Council of Education has approved the following regulations for the College Provisional Certificate:

"This certificate entitles the holder to teach for three years the subjects prescribed for a public high school of the third class or to teach in any public high school of the Commonwealth the subjects indicated on its face.

"The applicant for this certificate must be a graduate of an approved college or university and must have successfully completed at least eighteen semester hours of work of college grade in education distributed as follows:

Introduction to Teaching3	semester	hours
Educational Psychology3	semester	hours
Practice Teaching6	semester	hours
Electives in Education	semester	hours

"The holder of this certificate will be certified to teach each subject in which not less than twelve semester hours have been completed."

In order to meet these requirements, students of the college who are candidates for the A.B. or B.S. degree are advised to do their major and minor work in subjects which are ordinarily taught in the public high schools.

They should, furthermore, register for Psychology 13, Psychology 23, and for Education 123, 13, 23, and 136, preferably in the order named. Wherever possible this work should be started in the Sophomore year.

By action of the Department of Public Instruction, in October, 1923: "The six semester hours of practice teaching may be met by three semester hours of actual classroom experience in observation, participation and practice teaching under approved supervision and three semester hours of methodology or administration related to this experience."

To those who are preparing for work in Education as a profession, and who desire to make a more complete preparation than the minimum required by the State, a major in Education leading to the degree of B. S. in Education is offered. For this, courses in Education or Educational Psychology totaling twenty-four semester hours are required. The student should consult page 29 for the general requirements for this degree.

#### APPOINTMENT BUREAU

In order to give students the benefit of calls that are received for teachers and to render greater assistance in finding employment, the College provides for an Appointment Bureau to keep on file records of students with their credentials for those who desire it. For registration with the bureau a fee of one dollar is charged.

The Appointment Bureau of the College cooperates with the Placement Service, Teacher Bureau, of the Department of Public Instruction, Harrisburg, Pennsylvania, thus offering additional facilities for the placement of graduates of this institution.

# THE COURSE IN BUSINESS ADMINISTRATION

The College is pleased to announce that a new department in business administration has been added to the field of its instruction. Work in this department will begin in 1925-26, when the courses scheduled in the first year of the course will be offered. It is planned that each year the listed courses will be added to the curriculum as the need for them arises, so that at the beginning of the fourth year the complete plan will be in operation. The degree of Bachelor of Science in Economics will be conferred upon graduates from this department.

The College has had repeated calls for work of this nature. With the view of placing the service of the institution at the disposal of those of its friends who seek this type of training rather than that of a professional or purely cultural nature, the trustees have lately approved the addition of this department. We regard this action as a marked advancement in the efforts of the institution to increase the sphere of its usefulness to its rapidly growing constituency.

#### GENERAL INFORMATION

The Conservatory Building is a handsome three-story structure. It contains a fine auditorium with a large three manual pipe organ, practice organs, director's room, studios, practice rooms, waiting and writing room for students' use, a large society room, lavatories, etc. The whole building is well lighted by electricity, and heated by steam, and is designed and furnished with a view to having it complete in every respect for the study of music in its various branches.

The Conservatory maintains the highest standards of excellence in that it provides exceptional opportunities for intelligent, skillful and artistic development in the various branches of musical art. To this end it aims to cultivate a love for high class music, to present to its students the advantage of superior professional instruction, to utilize musical art as a factor in moral, spiritual, intellectual and aesthetic culture, and to educate and train musicians for useful living as teachers and artists.

#### ENROLLMENT

A student is not permitted to enroll for shorter period than one full semester, or the unexpired portion thereof, thus the instructor's time is engaged by each student for that period. No reduction is made for late registration unless at least one-fourth of the semester has elapsed.

#### COURSES OF STUDY

(Subject to Change)

The studies embrace Certificate, Diploma and Degree courses.

A course in Public School Music will probably be offered if conditions warrant it. If given it will meet the requirements for the teaching of music in harmony with the standards set forth by the Department of Public Instruction of the State of Pennsylvania.

Before admittance to any course of study is granted the candidate is required to pass satisfactory examinations in Elementary Theory of Music and in Elementary Sight Reading. The candidate must also have completed a four years' High School course, or its equivalent, as a scholastic foundation.

The Certificates, Diplomas and Degrees are granted by the Trustees of Lebanon Valley College to students who have completed, to the full satisfaction of the Conservatory Faculty, any of the above named courses.

In preparation for a Certificate, Diploma or Degree, History of Music and three other studies are required, two of which are Pianoforte and Theory. (See Outline of Courses.) The third may be selected from the following branches: Organ, Singing, Violin. These three studies must be pursued throughout four, six, eight or ten semesters, according to the special course elected by the candidate.

#### OUTLINE OF COURSES

#### Pianoforte

The course in Pianoforte is presented in five divisions: Preparatory, Freshman, Sophomore, Junior and Senior.

No specified time (number of semesters) can be allotted to any one division. The knowledge, skill and artistry required for the completion of a division of work depends wholly upon the advancement of the student when entering, and upon ability, character of musicianship, and progress manifested by recitations and public appearances.

The course of study in Pianoforte is very unlike that in Theory, in which many pursue one general outline. In all branches of applied music the instruction must necessarily be adapted especially to the

personal needs of the student in such a manner as to establish a thorough technical foundation, and so to direct the intellectual and aesthetic faculties, that the student shall be qualified for the higher degrees of theoretical and practical musicianship. Therefore the works of the best masters are used throughout the various grades of advancement so that the student will grow in taste and sympathetic understanding of all that is involved in artistic performance.

Sight Playing classes are organized each semester for the benefit of those who are in special need of training beyond that which is possible under the teacher in the regular course.

Ensemble Playing is required of students in all grades, with skillful collaboration. No other department contributes so much to the cultivation of careful listening, steadiness of rhythm, and quick adjustment of musical intelligence and will power to the needs of the moment.

#### Voice

In this course the system embodies freedom and relaxation, breathing and breath control, resonance and reinforcement, tone color and tone character. To this end vocal development and culture are necessarily progressive. According to the traditions of the old masters of the Italian school, who trained many famous singers, a few simple exercises, each embodying a definite principle, and productive of good results, are judiciously and wisely applied; and mind, the master engineer, becomes director of the entire vocal apparatus, making it readily responsive to the requirements of artistic singing.

# The Pipe Organ

In this department the aim is to prepare students for the various demands for performers upon "The King of Instruments." A rapidly enlarging field is open to well qualified organists. The course of study embraces: legato touch, stop values and mechanical accessories, studies in manual and pedal playing, hymn tunes, pedal phrasing, choir accompanying, registration, accompanying of solos, singing and playing, extemporizing, transposing, and organ solos adapted to all grades of advancement. This course is planned to equip the student for all reasonable requirements of the concert and church organist.

The Conservatory is fortunately equipped with an excellent three manual Moller pipe organ, with detached console, modern in every respect, and located in the conservatory hall, where the daily college chapel services are held.

The recent demand for organ instruction made it necessary to

install a two manual reed organ with pedals, for practice purposes. Both organs are connected with kinetic organ blowers which provide satisfactory wind pressure and, as a result, even tone.

#### The Violin

No instrument is so well adapted to universal art uses as the violin and kindred stringed instruments. As an instrument in the field of art and virtuosity its resources are boundless. As the basis of orchestral combinations it is indispensable. For use in the social and drawing-room, and the smaller forms of concert music, it is without comparison.

The course of instruction in Lebanon Valley Conservatory of Music is founded on the principles and methods established by the great masters of violin playing. Much care is exercised in the development of musical expression and a fluent technique, so that each student may attain highest possible advancement.

#### The Viola

This instrument requires precisely the same instruction as does the violin. The difference in the clefs used is the only question between the violin and viola player, though the use of the two instruments is quite different. Unfortunately there is a very small amount of literature for the viola; but it is an indispensable instrument in orchestra and chamber music. Good viola players are in demand, and those who play well have no difficulty in securing first class positions.

### Theory of Music

**Preparatory:** Tonality, key-relation, diatonic intervals, major and minor modes, measure, tempo, rhythm, writing melodic motives and phrases from sound.

NOTE.—Students must pass a satisfactory examination in the above preparatory course before entering the regular course for a Certificate or Diploma in any department.

# Theoretical Courses

- 1. Elementary Harmony. The use of triads in simple part-writing from melodies and basses. Primary and secondary sevenths, modulation, original work, hymn tune. An important lesson is keyboard training, in which problems similar to written work are solved at the keyboard.
  - 2. Advanced Harmony. Freer treatment of the material of har-

mony is studied; irregular resolution of dissonances, remote modulation, chromatic passing tones, and altered chords. Advanced keyboard harmony.

- 3. Counterpoint. One semester of simple counterpoint; two, three and four part writing in the various species.
- 4. Elements of Musical Form. The course includes an analysis of the Elements of Music from the motive to the sonata form, as well as of the contrapuntal forms.

#### EAR TRAINING AND SIGHT SINGING

These departments are conducted under the personal supervision of the Director.

The Sight Singing Class work embraces every prerequisite in true musicianship,—Tonality, Time, Measure, Rhythm, Terminology, etc. It is indeed the most important department in the course of a musical education. If a person cannot mentally read and memorize a composition without the aid of an instrument, that person has developed only the faculty of imitation, and is not worthy of recognition in the rank and file of modern and educated musicians. Students in all courses of study are required to complete the three-year course in Sight Reading and Dictation before passing into the requirements of the fourth year of study.

#### MUSICAL PEDAGOGY

The value of music as an educational subject is clearly shown (1) by the increasing number of college students who elect music as their major subject, (2) by the growing tendency for high schools to grant credits for study to those who are pursuing music either in special music schools, or with private teachers. Because of this granting of credits, a higher degree of preparation, skill, and efficiency is demanded of the private teacher.

The aim of this course is to give Juniors and Seniors practical teaching experience under the instruction and supervision of members of the Faculty. After a course of lectures and demonstrations by the Supervisor, the student gains actual experience in teaching pupils both in class and private lessons.

Lectures will be given on all phases of piano playing. The instruction will be based on the most modern pedagogical and psychological principles. All presentation of material will be first made through the ear, the most spiritual sense, then the eye and touch.

The chief duty of the teacher is to develop within the child a consciousness of music as the universal language and to lead him to a proper unfoldment of the impulse for self-expression.

#### NORMAL CLASSES AND CHILDREN'S DEPARTMENT

These classes are formed of children who possess musical ability. In this department the system of private and class lessons is employed for all students. Experience has shown that much of the study necessary for a child's musical development can be best done in classes. Therefore, for the first year the youngest beginners are taught only in classes, after which time private lessons begin and the class work is continued for several years. A large number of young people thus acquire, at a nominal expense, the rudiments of a musical education, sufficient to fit them later to enter the regular courses of the Conservatory.

## CULTURAL MUSIC COURSE

## Afforded by Lebanon Valley College Conservatory of Music in Conjunction with the A.B. Degree

Music study may be credited toward the A.B. Degree to a total of twenty semester hours (five semester hours per year). For such credit, the requirements are as follows: Two half-hour recitations per week in Applied Music, two hours per day in practice, two hour recitations per week in harmony.

Before entering upon this course of study the candidate must pass the examinations required by the Director of the Conservatory.

A student desiring credit for this course of study is expected to continue the same until graduation. Credit will not ordinarily be granted for single years of study. Only under exceptional conditions such credit may be granted by the faculty upon recommendation of the Director of the Conservatory.

## THE BACHELOR OF MUSIC DEGREE

A candidate for this degree must have received a Diploma from Lebanon Valley Conservatory of Music, or other institution offering an equally advanced course of study, and in addition thereto must complete one year's work in canon, fugue, composition and orchestration; and must compose a cantata for solos and mixed voices, with an accompaniment for symphony orchestra, requiring at least thirty minutes for performance, or a concerto for a solo instrument and orchestra, or a symphony in three or four movements for orchestra, of similar length.

The graduation fee for the degree is \$13.00.

#### THE DIPLOMA

The diploma is granted only to candidates who have completed the four-year course of study in one branch of applied music, as a major study, and at least three years (Freshman, Sophomore and Junior) study in a second branch, as a minor study, and the complete subjoined theoretical studies for the four-year course in the major, and the three-year course in the minor study.

The major and minor studies may be coupled as follows:

Major: Pianoforte, Pianoforte, Pianoforte, Violin, Voice, Organ. Minor: Organ, Violin, Voice, Pianoforte, Pianoforte, Pianoforte. The graduation fee is \$13.00.

NOTE.—A combination of other branches may be effected under special conditions which may be presented to the Director.

#### THE CERTIFICATE

Certificates are issued to those who are not able to complete the four-year course, but who are able to complete the first three years of the course leading to a diploma. Students desiring a certificate must add to the Junior year the course of lessons in Piano Methods.

The fee for a certificate is \$8.00.

### THE STUDENTS' RECITALS

The students' Tuesday evening recital is of inestimable value to all students in acquainting them with a wide range of the best musical literature, in developing musical taste and discrimination, in affording young musicians experience in appearing before an audience, and in gaining self-reliance, as well as nerve control and stage demeanor. These recitals also enable all students and others who are interested in music to gain a much wider acquaintance with musical literature than would otherwise be possible. Students in all grades appear on the programs of these recitals. During the four-year course a student is expected to give not only a graduation recital as one exhibition of artistry, but, having acquired a sufficient number of memorized program compositions, the student is given the privilege of frequent appearances in the major portions of recitals, whether of the Freshman, Sophomore, Junior or Senior division. Each senior is required to present one special graduation recital.

#### RULES AND REGULATIONS

Students may enter at any time during the year, but for the sake of proper grading and classification the beginning of a semester is most advisable.

Persons in the vicinity of Annville and adjoining towns desiring to become students in the Conservatory are requested to register during the two days previous to the published registration day for the first semester.

Students are not enrolled for a shorter period of time than a full semester, or the unexpired portion of a semester; and no reduc-

tion is made for delay in registering when the time lost is less than one-fourth of the semester.

No reduction is made for absence from recitations except in case of protracted illness extending beyond a period of two weeks, in which case the loss is shared equally by the college and the student.

A student is not permitted to omit recitations without a sufficient cause; and a necessity for the omission of a recitation should be reported to the Director in advance of the appointment.

All Conservatory work is suspended during holidays observed by the College.

Reports showing attendance, practice and degree of improvement will be issued at the close of each semester.

Conservatory students are not permitted to take part in any public musical exercise outside of their regular work without the consent of the Director. This rule is of great importance and must be strictly observed.

Conservatory students are required to attend all students' recitals, and lectures on musical subjects. Discredits are entered against students who carelessly neglect this essential part of their education. All music must be paid for when received.

Conservatory students are under the regular college discipline.
